

ASCE Riverside-San Bernardino Counties MENTORING PROGRAM: BOWLING NIGHT

The San Bernardino-Riverside Counties Branch - Mentorship Committee arranged a Bowling Night social event. On July 24, 2008 a collection of both Mentors and Protégés met up for a few rounds of bowling at the AMF Arrowhead Lanes in San Bernardino. Many participants had a fun and exciting time bowling, sharing bowling tips and interacting with their mentors and fellow peers. The sounds of laughter, bowling balls, pins falling and cheers of a strike or a spare were heard throughout the night. In between breaks, participants chowed-down on a collection of pizzas, finger foods and beverages. The best bowling scores were made by Ronald Peters (205), Edwin Wen (166), Alfred Pedroza (128) and Jerry Burke (120). We would like to thank all of sponsors for their in-kind donations and/or support that helped make this event a success. This event was made possible through their sponsorship **at no cost to our members. We currently are looking for more experienced members in all fields of Civil Engineering to mentor different Proteges. To join us on our future events and/or participate with our mentoring program, please contact Neil Nilchian, at nnilchia@rctlma.org.**
