Topic: Total Maximum Daily Loads (TMDLs) 101

Synopsis: TMDLs provide the water quality goals that the many NPDES Permits must enforce. This presentation takes one step back from the Committee's 2008 Presentation ("TMDLs in Southern California", Cindy Lin, USEPA Region 9) for a greater overview of TMDLs. Tonight's presentation will focus on the basic regulatory structure, development, and general implementation of TMDLs. Arlene Chun, P.E. from Riverside County Flood Control & Water Conservation District, NPDES Section, is the presenter.
